# HELLO!

Companies have a key role in society. Therefore, in Credicorp, as financial leaders in Latin America, we work every day motivated by a clear purpose: **“Contribute to improve lives, by driving the changes that our countries need”**.

To make it a reality, we always find new ways of doing everything while feeding our innovative and agile spirit. However, our essence always remains intact, and it is largely shaped by our ethics.

Through this Code of Ethics, we reaffirm our commitment with our stakeholders. This Code contains our GenETICA Credicorp, which is our principles, values and expectations. **It is a distinguishing sign that all of us, who give life to this organization, carry within us** and drives us to not only doing things well, but, but to take them to the next level, in order to achieve a positive impact in our society and the environment.

# OUR CODE OF ETHICS

"The Code" positively guides us to promote a sustainable vision in the countries where we operate and thus reach the next level of trust with our stakeholders, operating in harmony with them and with our environment.

## What does it mean to be "on the next level"?

To be true agents of change in our society, being conscious of our characteristics that make us unique and allow us to reach the next level. That is our GenÉTICA Credicorp.

### HOW DOES THE CODE HELP US?

It helps us to make better decisions everyday, and to identify when we need advice no matter how complex the situation can be.

### WHO SHOULD APPLY THE CODE?

You and each one of the more than 36 thousand people, including employees and directors, who were chosen to be part of Credicorp because our way of being and behaving, our GenÉTICA.

### WHAT HAPPENS WHEN SOMEONE DOESN'T COMPLY WITH THE CODE?

Not complying with the Code pushes us away from our purpose and makes us lose the trust of our customers and society, damaging our reputation and could even end an employment relationship, regardless of the possible civil or criminal consequences, depending on how serious the case is.

# EMPLOYEES TO THE NEXT LEVEL

We live our GenETICA 24/7 as professionals and as citizens, inside and outside Credicorp.

We act with honesty and integrity.

We accept our mistakes and take responsibility when we are wrong.

We care not only about WHAT we achieve, but also about HOW we achieve it, because our values are above our results.

### Transparent and honest

### Brave and determined

We speak-up when we see behaviors that go against our values and our Code.

We give feedback and help others assertively and responsibly according with our GenETICA.

We are not silent, even when it comes to having difficult conversations on ethical issues.

We respect all points of view and value diversity.

We build long-term relationships of trust with all our stakeholders.

### Respectful and empathetic

### Achieve a positive influence in other people behavior

We are aware that our actions and decisions have an impact on others.

We seek excellence in everything we do.

We put the best interests of Credicorp and the society above our personal interests.

We discuss ethical issues with freedom and transparency.

We know and apply the guidelines of the Code.

### Promotes our GenETICA Credicorp

We identify situations that put our GenETICA at risk and when in doubt, we ask for advice.

# WE ACKNOWLEDGE AND TAKE RESPONSIBILITY FOR OUR DECISIONS

Sometimes we face situations that put our GenETICA to the test. Therefore, before you make any decision, ask yourself the following questions to keep your ethics at the next level:

1

Does it comply with regulations?

2

Is it aligned with our Code and policies?

4

Is it aligned with our purpose and values?

3

Am I creating value for Credicorp's stakeholders?

5

Will I be comfortable if my actions are disclosed in the media?

## YOU ARE NOT ALONE

Normally if the answer is **YES** to all the questions it would be ok to proceed. But if the answer to any of them is **NO**, or you are not sure, it is better to ask first.

## Q&A

### What should I do if there is a conflict between the Code and the practices in my department?

In general, if any business procedure comes into conflict with our Code, we must follow the Code. In case any local law comes into conflict with the Code, we must follow the law. Remember to ask your Compliance and Ethics team if you need advice.

# WE PROMOTE A RESPONSIBLE USE OF THE ARTIFICIAL INTELLIGENCE

This technology is changing the way we interact with our stakeholders. Therefore, to lead these changes in Latin America, we must do it ethically and aware of the associated risks.

► **Justice, inclusion and non-discrimination**

We seize the benefits of AI to promote inclusion and equity, avoiding biases and unfair or discriminatory decisions.

► **Transparency and explainability**

We develop AI solutions that can be understandable by the people who interact with it.

► **Responsibility and governance**

We have an adequate governance to prevent human rights violations and reparation mechanisms in case we need to face these events.

► **Human control of technology**

We make sure that the AI, and the decisions taken from it, have a reasonable human supervision.

► **Promotion of human values**

We keep in mind that AI must be aligned with our fundamental values and promote the development of our customers and other stakeholders.

► **Privacy**

We use people's data with respect and give them the ability to act on their data and on decisions taken from its use.

► **Professional responsibility**

We promote professionalism and integrity to timely involve relevant stakeholders in the development of AI solutions.

► **Security**

Seek that the AI solutions perform according to the purpose for which it was created, avoiding cyberattacks and misuse.

## GenETICA Glossary:

### Artificial intelligence

System that allows you to create machines that imitate human intelligence using, most of the time, structured data (audio, text, images, etc.)

AI

## Q&A

### What is the difference between Cognitive AI and Generative AI?

Cognitive IA learns and responds to unstructured data and complex tasks trying to resemble human intelligence, while Generative IA is used to create new content (e.g. Audio, text, video).

# WE PROMOTE DIVERSITY AND EQUAL OPPORTUNITIES

To be at the next level is to make sure that anyone can feel free to be who they are, fostering gender equality and zero tolerance for sexual harassment.

- ▶ We apply fair labor practices, value diversity and promote inclusion, for the creation of an equitable environment. Hiring and promotions are based on meritocracy.
- ▶ We aspire to reach a balance in the participation of women and men at all levels in Credicorp.
- ▶ We believe that unconscious biases and gender stereotypes are barriers to equity. Therefore, we educate ourselves to identify and manage them.
- ▶ We promote a work-life balance without distinction of gender for the well-being of everyone who is part of our organization.

## GenETICA Glossary:

### Unconscious biases:

Associations and patterns we learned that build unconscious preferences and prejudices about some people or groups of people.

### Workplace sexual harassment:

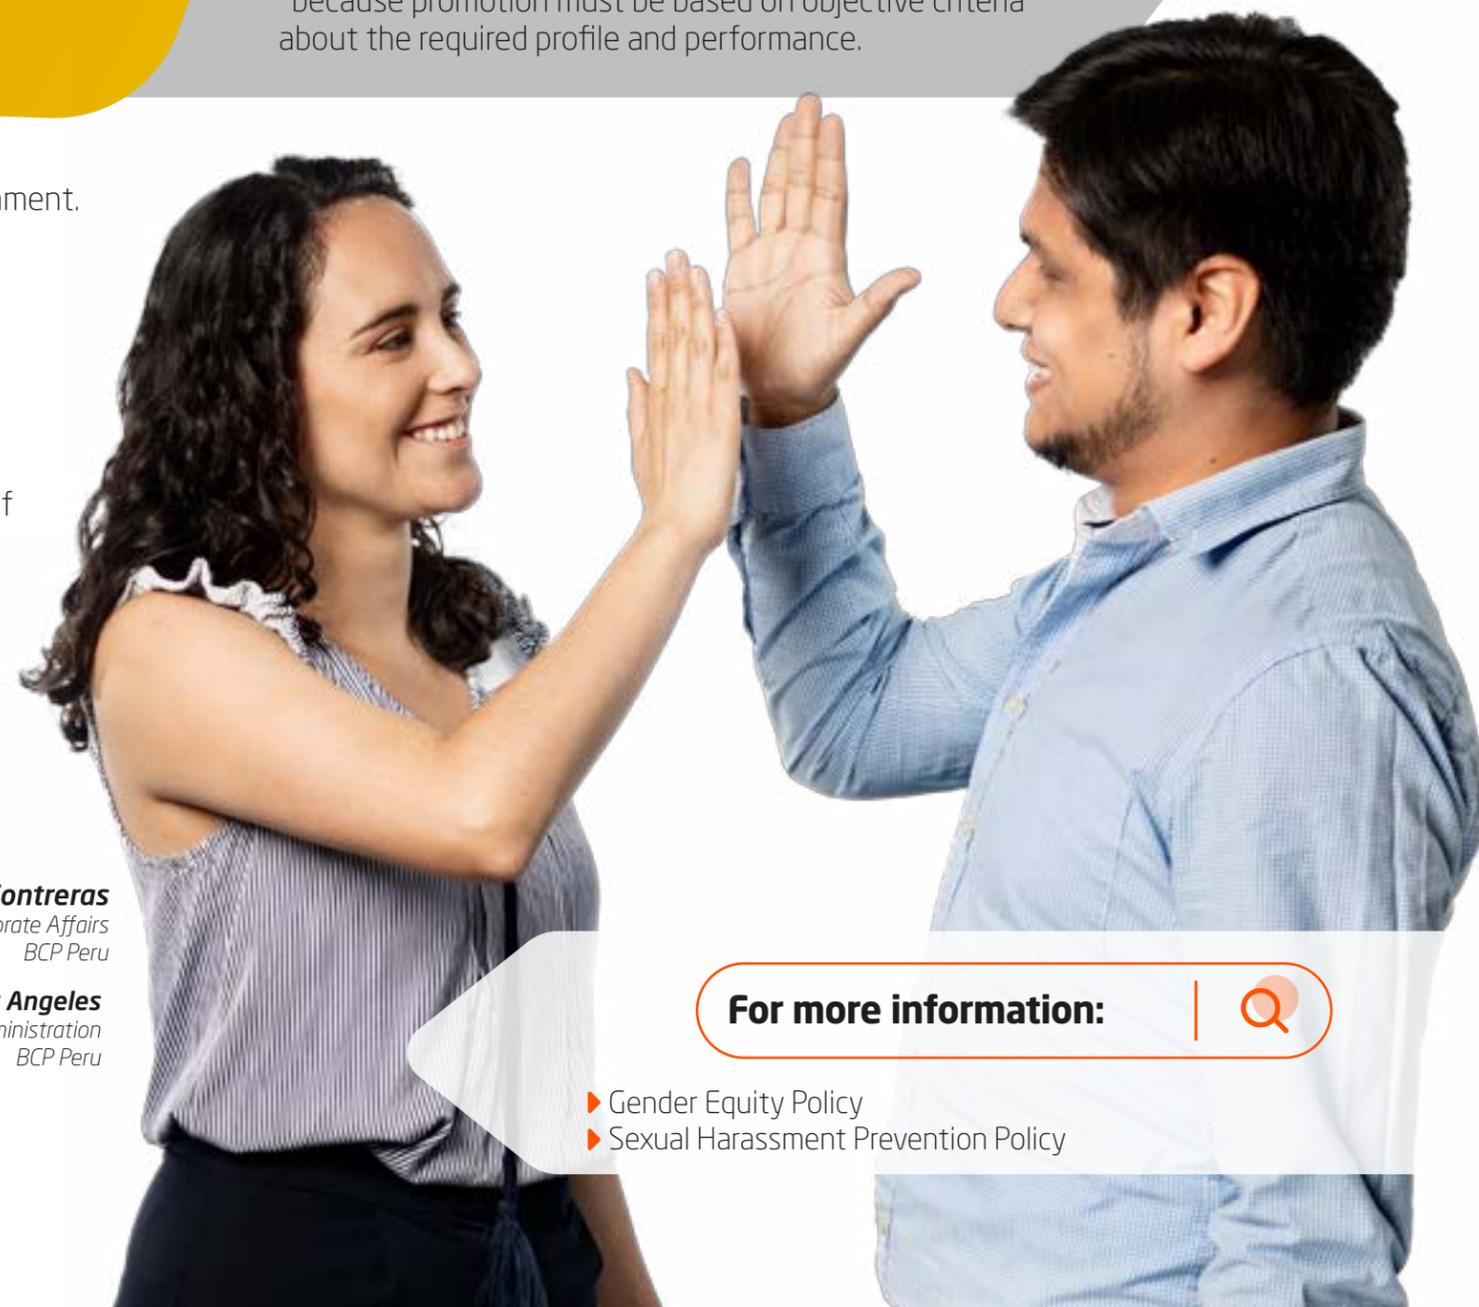

Unwelcome verbal or physical conduct of a sexual or sexist nature, that relates to, offends, intimidates or humiliates an employee.

## Q&A

**A co-worker was not promoted because having a newly-born won't let her have enough time for work. Instead, her direct supervisor promoted another employee who did not meet the required profile.**

# SAFETY AND HEALTH IN OUR DAY TO DAY

We take our ethics to the next level, maintaining and promoting a safe and healthy work environment, where people can discover and reach their full potential.

- ▶ We promote a continuing education on health and safety issues.
- ▶ We report any unsafe acts and conditions to avoid accidents or illnesses.
- ▶ Our health and safety controls cover customers and suppliers because together we build a better work environment.

## GenETICA Glossary:

### Unsafe act:

Any action that does not meet our safety standards and unnecessarily exposes an individual or a group to accidents or occupational diseases.

### Unsafe condition:

Any condition that could cause undue hazard to life, limb or health of any person or expected to be on or about the premises.

## Q&A

### How can we contribute to safe and healthy work conditions?

- ▶ Identifying the risks and threats to health and understanding the controls that prevent us from any damage.
- ▶ Actively participating in training and safety drills and exercises.
- ▶ Collaborating with timely reporting of unsafe act or conditions and in the investigation of events.
- ▶ Contributing with your suggestions to improve our health and safety management system.

# WE AVOID ALL TYPES OF CONFLICTS OF INTEREST

We promote the transparency of our actions to always keep them aligned with Credicorp's purpose.

## What is a conflict of interest?

It is a situation in which a personal interest affects or may affect the impartial performance expected in your duties and may arise in your everyday job. Some examples are:

- ✓ Have a second job in other companies in the financial sector.
- ✓ Start or have a significant participation in a business that competes with Credicorp companies or may affect our reputation.
- ✓ Recommend a provider or participate in the selection of providers with whom we are associated.

- ▶ We are always alert and identify these and other situations.
- ▶ Any potential conflict is managed according to our guidelines.

▶ **Enrique Gonzales**

# ZERO TOLERANCE TO CORRUPTION AND BRIBERY

This is our commitment to society and therefore, the next level is acting on what we believe, motivating people to do the right thing, and promoting integrity in our environment.

- ▶ We do not offer, give or accept bribes of any kind, direct or indirect, to influence decisions, secure advantages, benefits or obtain or retain business.
- ▶ All Lobbying with public officials with decision-making power must be carried out by authorized employees and maintaining integrity.

## GenETICA Glossary:

### Lobbying:

Actions such as oral or written communication, by any means, with the intent to influence a public decision.

### Public official with decision-making power:

Any official with the authority to make public decisions while carrying out their duties. Example: President, congressmen or any civil servant in a post of confidence in the Government. This also includes political candidates and parties, and may include their relatives and companies.

## Q&A

**A client asked me if I can help his daughter get an internship at one of the Credicorp companies. The client also told me that in exchange for ensuring the internship, he will oversee transferring all her liabilities to the group companies. Is this a bribe?**

Yes, because the new business is offered to obtain internships in exchange. This behavior goes against our Credicorp GenETICA.

## Remember

A bribe can take the form of anything of value: cash, gifts or their equivalent. (See section: *Gifts and hospitality*) or even donations (See section: *Positive Role in Society*)

## Q&A

**I'm about to close a contract with a client, my birthday is near, and this client wants to send me a gift. Should I accept it?**

Although the gift is for your birthday, it may not be a good time to receive it because of the new contract. We should avoid these situations as far as possible.

## Did you know?

In case you want to meet with a public official, this meeting must always be at the building of the public entity where the public official works and within office hours.

# WE PROTECT OUR BUSINESS AGAINST CYBER THREATS

We comply with cybersecurity regulatory obligations and continuously improve our management system according to the best international practices.

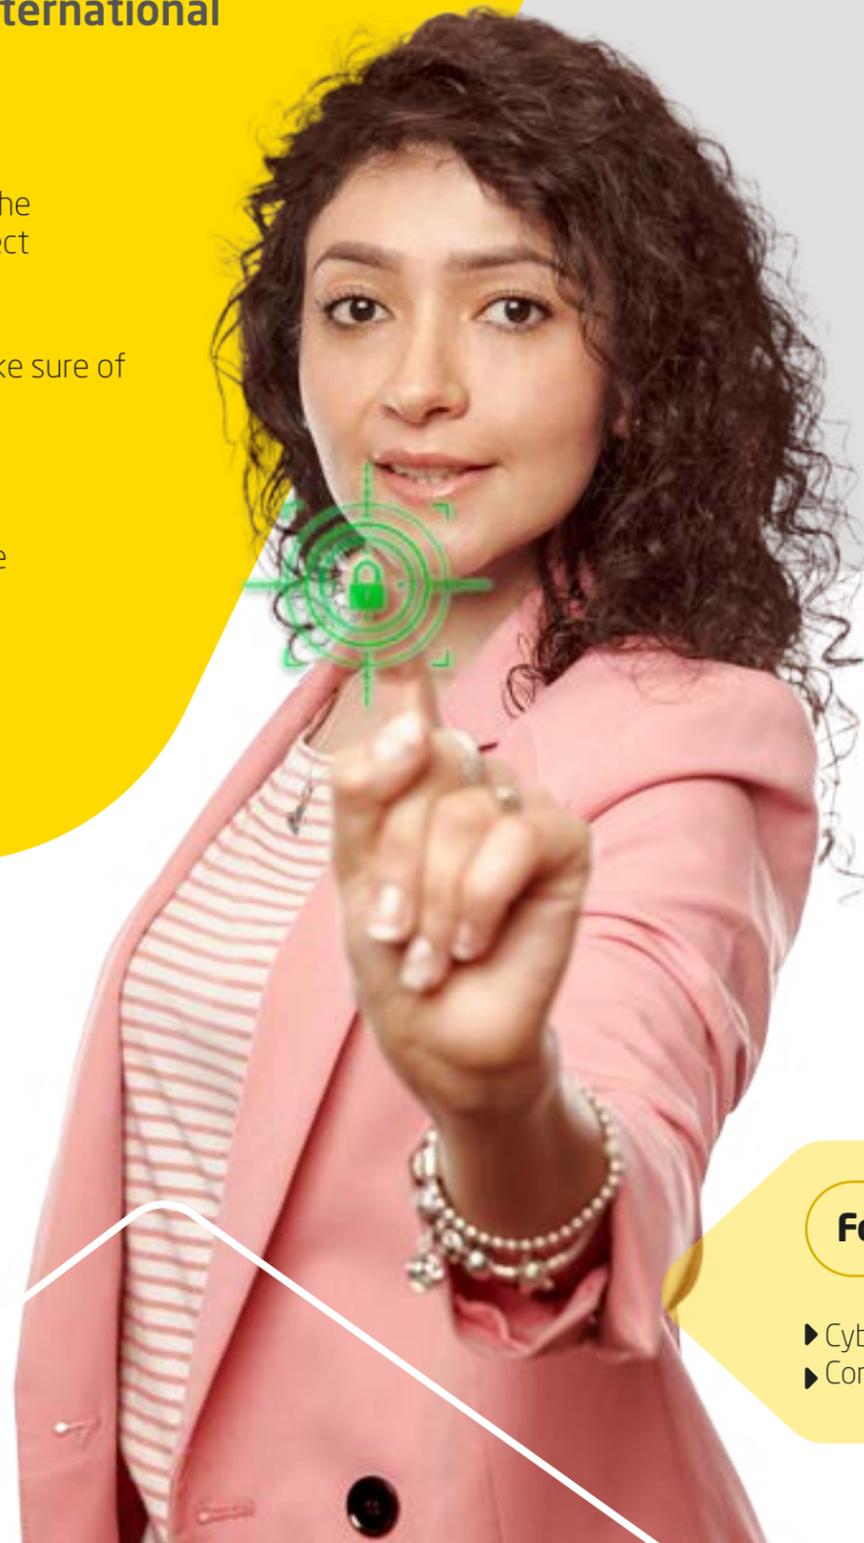

Cyber threats can be internal, external, deliberate or accidental, and can compromise the availability, confidentiality, integrity and privacy of our information, and therefore affect our assets.

- ▶ We are cautious and thoroughly review the emails and information requests to make sure of their veracity.
- ▶ We do not use our corporate email for personal purposes.
- ▶ We do not use unlicensed software or unauthorized audiovisual downloads, and we keep our devices updated to avoid security vulnerabilities.

## Remember

You can take your ethics to the next level on information entrusted to you:

- Do not share it by insecure means (mails or public sites).
- Do not expose it (physically or virtually).
- Do not share your accesses.

## Q&A

### How can I make sure that the emails I receive are secure?

Always check the sender's email address, attachments, and links. In a phishing attempt, cyber attackers use emails that look alike to the original. In addition, be cautious when receiving a communication that requests your personal or financial information.

# WE CONTRIBUTE TO THE TRANSPARENCY OF THE STOCK MARKETS

We reject market manipulation and any abuse of inside information.

- ▶ Keep confidential any inside information to which you may have access due to your role in Credicorp.
- ▶ Do not make personal investments or recommend investment strategies using inside information or with the intention of manipulating the market.
- ▶ Prevent and report any action or conduct that could generate misleading financial reports.

## GenETICA Glossary:

### Inside information:

Information regarding an issuer, its businesses, or its securities; whose public knowledge may influence the liquidity, the price, or the listing of the securities issued.

Examples:

- ▶ Preliminary financial statements.
- ▶ Information on mergers and acquisitions.

### Market manipulation:

Practices that threaten the free price formation or cause an artificial evolution of prices or liquidity in the stock markets.

## Q&A

**A client told me about a big project that they are developing, and I want to buy shares of their company because it is very likely that the price will increase when the project is made public. Is it ok?**

No, this information must be kept confidential because it was shared as part of a client-advisor relationship, and it has not been made public yet. You would be committing the crime of insider trading.

## Remember

These guidelines apply to our transactions in the stock markets in a personal capacity, on behalf of the Credicorp companies or in a fiduciary capacity.
